Updated Final Copy!!!! Proposed Bill!

Taking children must be the last recourse, not the first, and must be predicated on finalization of multiple due process hurdles.

We propose the following new updated version ~ Thank you Nancy Shaefer for giving your life in honor of children and families.

3. Hotline callers who falsely report allegations will be prosecuted as a felony.
4. Any and all child abuse and neglect case in juvenile court and/ or any case in family court must be open to the public in order to show transparency and cameras placed in all the courtrooms.
5. CPS workers and case managers will be required to wear body camera's at all times during working hours.
6. Hearsay is not admissible in juvenile court or family court.
7. All federal funding bonuses involving the removal or adopting out of children will cease and desist immediately.
8. Any judicial officer, case worker or lawyer that commits perjury or fraud will be charged with a felony and prosecuted.

9. Level 1 fingerprint clear cards will be required for all adoptive and foster parents. As well as all state volunteers working with children, all hotline responders, state employees that come into contact with or are around wards of the state, as well as all taxi drivers or transportation support specialists who pick up or drop off any and all children.
  10. A full psychological evaluation must be done on all adoptive parents along with a full home study.
  11. Every death in state placement will be immediately and fully investigated by the proper agencies. Foster/adoptive licenses will be suspended and children both natural and/or wards or adopted will be removed until an investigation is completed and an outcome is determined.
  13. ALL cases that involve fraud, perjury or falsification of records will be immediately reviewed by the agency, the courts and an independent third party evaluator.
